

SCHOOL SYSTEM EMPLOYEES

A Special Complimentary Injury Assessment Opportunity

Enjoy a healthy, pain free start to the new year. If you've been suffering from nagging low back pain, painful plantar fasciitis, or other foot, knee, hip, wrist, shoulder, neck or other pain, Airrosti is here to help.

Sign up today for a complimentary, onsite injury assessment with Airrosti.

Each 15-minute assessment consists of a thorough evaluation by an Airrosti provider, an expert assessment of any pain-related issues, and a discussion of your treatment options.

ONSITE INJURY ASSESSMENTS

January 22nd
9:00 AM to 2:00 PM
McIntire COB, Room 231

DON'T LET PAIN HOLD YOU BACK

Airrosti providers are experts at diagnosing and rapidly resolving the source of your injury. Each patient receives one full hour of assessment, diagnosis, treatment, and education designed to eliminate the pain associated with many common conditions, allowing you to quickly and safely return to activity - usually within only 3 visits (based on patient-reported outcomes).

Airrosti is a covered benefit for all employees and dependents on the health plan offered by Albemarle County Schools.

Rapid Injury Resolution

Back pain is one of the most common conditions treated at Airrosti. By accurately pinpointing and resolving the specific source of your back pain, complete and rapid injury resolution is achieved in 89% of cases. Learn more about Airrosti's quality approach to care.

Plantar Fasciitis Injury Spotlight

In this video Dr. Casey Crisp discusses the many causes and various symptoms of Plantar Fasciitis. He explains why Airrosti providers are so effective at eliminating the source of nagging pain and inflammation that so many people suffer from, in an average of just three visits.
