## WHAT YOU WILL DO

**Explore local history and the community**  
Engage in place-based learning through site visits led by local history experts and community educators.

**Learn strategies to teach challenging history**  
Presentations by experts and discussions with colleagues help you navigate current challenges.

**Incorporate local African American stories in your teaching**  
“EON opened my eyes to a new world of African American history in my own backyard. I will without a doubt use local narratives, stories, and examples to educate my students about history so close to home.” - Past participant
